## DATES TO REMEMBER:

01/25/21	Board Meeting	
	Central Support	
	Work	4:00 PM
	Closed	5:00 PM
	Work	5:30 PM
	Open	6:00 PM

## Attachments:

- [Inauguration Poem By Amanda Gorman](#)

## Madison County Schools Mission

*The students of Madison County Schools will have meaningful experiences and valuable academic preparation to ensure a brighter future.*

**Martin Luther King, Jr. Day:** MLK, Jr. Day was Monday, January 18<sup>th</sup>. This day is the only federal holiday designated as a national day of service to encourage all Americans to volunteer to improve their communities. Schools were closed in observance of this holiday.

If you can't fly, then **run**  
If you can't run, then **walk**  
If you can't walk, then **crawl**  
but by all means, **keep moving.**

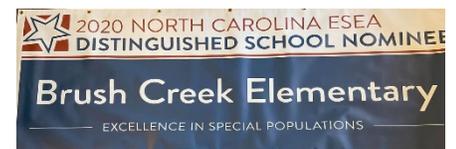

**By: Martin Luther King, Jr.**

**Erosion Control and Storm Water Management Project:** Madison Middle and Brush Creek Elementary Schools are benefiting from an Erosion Control and Storm water Management Project made possible by Mountain Valleys Resource Conservation & Development Council. This will allow for better drainage and address rainfall runoff on campus. This week we toured the campus to see the layout for the system and hear descriptions of the elements. We are thankful to our community partners for Making It Happen with this project!

**National Title I Distinguished School Nomination:** Brush Creek Elementary has been nominated to be selected a National Title I Distinguished School! Two schools from North Carolina will be awarded this distinction. Brush Creek Elementary is nominated based on their success working with special populations. This nomination is a high honor! Schools will find out in February if selected. This nomination is possible because of the hard work and determination of the staff and students!

**Donor's Choose PPE Project:** Mrs. Roslyn Carney, Media Teacher at Brush Creek Elementary School, created a Donor's Choose project to purchase additional personal protective equipment (PPE) such as face masks, shields and lanyards for students and staff. The project was funded and the resources arrived on campus! Thank you Mrs. Carney for your work on this project and helping keep our students and staff safe and protected!
