[Lighting Our Way Forward NCDHHS Updates 10.20.20](#)

School Health Advisory Committee (SHAC) Meeting: The School Health Advisory Committee (SHAC) met today to discuss multiple topics related to safety within our schools and community. Mrs. Tammy Cody, director of the Madison County Health Department, provided an update regarding Covid-19 data as well as testing guidelines and procedures. Currently, Madison County has 223 confirmed positive cases with 26 of those coming from a community event and 37 of those directly related to a care facility. Other items that were discussed today involved updates from our school nurses. We will have flu shot clinics at our schools beginning next week. Michael Wallin, school nutrition director, reported that MCS students will receive free breakfast and lunch for the remainder of this school year. Mrs. Tonya Shuffler and Mrs. Kelly Payne educated our committee on our school system's options with telehealth and how our students and staff could take advantage of this service. Dr. Christiaan Ramsey will help to organize district training for our staff in relation to mental health and well-being. Our students and staff are under tremendous pressure and we want to provide support in educating the whole child. SHAC will meet again on November 20.

National Honors Society (NHS) for Dance Volunteer Project: National Honors Society for Dance at Madison Middle School has been trying to find ways to still volunteer without getting together. The President, Addy Sutherland and Vice President, Madelyn Perry, decided to have everyone make cards for the health care workers. Each student had three cards to design and return to Mrs. Willis. Now that all the cards are turned in Mrs. Willis is taking them around to different Health Care facilities to say a continued Thanks to those on the front lines of our Pandemic.

Madison County Schools

Mission

The students of Madison County Schools will have meaningful experiences and valuable academic preparation to ensure a brighter future.

Grade Level PLC Data Meetings: Brush Creek Elementary teachers participated in grade level PLC Data meetings this week. Mrs. Robin Bishop, Instructional Coach, and teachers analyzed beginning of year data to determine student strengths and academic gaps. The team continues to plan intervention and enrichment to meet the needs of the students. Teachers continue Making It Happen for their students!

District Teachers Collaborate Online: Eighth grade ELA teachers and Math teachers, along with teacher leader, Mrs. Jenkins, met online this week after school with teachers from Madison High School and Madison Early College High School to discuss vertical alignment in courses! Teachers discussed key standards, identified gaps in student understanding, and shared strategies for teaching key standards across grade levels. Our teachers are Making It Happen with online collaboration meeting!
