Virtual Veterans Day Tribute 2020: Madison County Schools observed Veterans Day on Wednesday, November 11th. This year the students at Brush Creek Elementary and Hot Springs Elementary have taken a moment within the schools and community to present a tribute, saying "Thank You" to our local Veterans for their service. The tradition of saying "Thank You" to the men and women who stand up and defend this nation continues and was done virtually this year. Thank you to Mrs. Phoebe Rogers for the production of the video and the students for their participation in this special virtual tribute for the Veterans. The video can be viewed on YouTube at the links provided below.

Blessing Bags for Students: Madison Middle School's National Honor Society Dance (NHSD) students and Mrs. Nicole Willis worked hard to put together "Blessing Bags" for students at the Middle School. The bags will go home with students as part of their food pantry program. The "Blessing Bags" are filled with treats, basic necessity items, fun masks, and handwritten messages of encouragement. We love to see our students serving and encouraging each other.

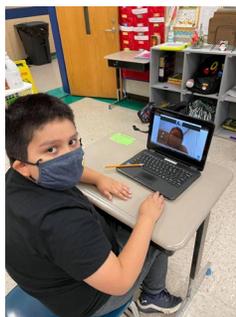

Students Learning to Spread Kindness:

Students at Hot Springs Elementary are learning some great examples of kindness. World Kindness Day is a global day that promotes the importance of being kind to each other, to yourself, and to the world. This day is celebrated each year on November 13th. This class lesson is a way that teachers help students understand having compassion for others. Our students are Making It Happen with kindness!

Madison High School Students Provide Tutoring: Covid-19 doesn't stop the partnership between Hot Springs Elementary and Madison High School. Thinking outside the box is what happens when we are faced with a pandemic. The 5th grade students had a zoom lesson with their high school partners to study science vocabulary. Mrs. Briggs' Teacher Cadets work hard to give Hot Springs students the tutoring they may need! Thank you, Mrs. Briggs and Madison High School for all you do to help the elementary school! Teacher Cadets are Making it Happen with providing tutoring!

Madison County Schools Mission

The students of Madison County Schools will have meaningful experiences and valuable academic preparation to ensure a brighter future.
