Sharing Secrets of Success at BCE: Kristin Dillon, Robin Bishop, and Monica Ponder had the honor of presenting on a panel Wednesday morning featuring 5 high performing elementary schools in Western North Carolina. They shared with administrators from across the region the secrets of success at Brush Creek Elementary that attributed to the high student achievement and growth. They shared that the absolute key to the school's success is the Brush Creek Elementary staff -- an incredibly gifted team of educators who love the children of Brush Creek and ensure that every minute of every day is devoted to providing every child with what they need to succeed.
