PPEs for Healthcare Professionals: Madison Early College High School, Madison High School and Madison Middle School CTE continue their community service partnership by making a second round of PPEs for Madison County healthcare professionals on the front lines of the COVID-19 pandemic. On Tuesday, April 21st we assembled and delivered 35 face masks and 6 face shields. The plan now is to begin printing round three. We'll gather to assemble and make that delivery next week. CTE is Making it Happen for Healthcare Professionals!
