### Welcome New Employees:

Madison County Schools welcomes the following new employees; Brenna Banks (Hot Springs Elementary), Christopher Chandler (Madison High School), Teresa Decker (Hot Springs Elementary), Danny Frisbee (Madison High School), Margaret Gaddy (Central Office), Sarah Griffin (Brush Creek Elementary), Laura Molina (Mars Hill Elementary), Kimberly Mynatt (Mars Hill Elementary), Devan Ray (Hot Springs Elementary), Karen Rigsby (Madison High School), Lisa Roberts (Madison High School), Dr. David Robinson (Madison High School), and Samantha Worley (Madison High School).

10,000 gallon septic tank. Electrical installation is underway at our new Alternative School facility at Madison High School and two new pre-K classrooms will be added to Brush Creek Elementary next week. New pre-K classrooms will also be added at Mars Hill Elementary. The brick floors are being cleaned and polished at Madison High School.

### MCS Summer Projects Update:

We have many projects underway in our school system. Starting next week we will begin work on a walking track around the ball field and a large 10,000 square ft. turf area at Madison Middle School for student recreation. We are also upgrading the septic system on the Brush Creek/MMS campus with an additional

### Say Something APP (Anonymous Reporting System)

The North Carolina State education agency has contracted with Sandy Hook Promise (SHP) to provide a statewide *Say Something* Anonymous Reporting System in the 2019-20 school year. The *Say Something* program, including an anonymous mobile tip app, is a school safety program designed to change and save lives by teaching students, educators, and administrators how to recognize the signs and signals of those who may be at risk of hurting themselves or others and to anonymously report this information through the mobile tip app, the website or the telephone crisis hotline. Tips can be sent in via web, a phone hotline, or through the app – including photos and videos. A crisis center staffed 24/7 by trained counselors will triage, categorize and deliver tip information. Training will be provided not only for educators, but also for law enforcement agencies within the next few weeks.

### Madison FFA Receives Recognition

For the first time ever, the Madison Agriculture Education and FFA program was recognized as being the 3rd best overall program in North Carolina! This recognition is the result of the program's ranking through the National Chapter Award program which recognizes chapters who excel in conducting and documenting a wide range and well-rounded program of activities. These activities promote growing leaders, building communities and strengthening agriculture in our students, school and community! There are 340+ FFA chapters in North Carolina. Thank you so much to all the countless former members, officers, students, parents, community supporters and the faculty and staff of Madison County Schools who support our program and its mission. This recognition is more than just a ranking in an award program. It is the combination of generations of dedication to Madison Agriculture Education and FFA!

## Madison County Schools Mission

The students of Madison County Schools will have meaningful experiences and valuable academic preparation to ensure a brighter future.
