**MCS's EVAAS Data Meets and Exceeds:** The first goal within Madison County Schools Strategic Plan is that all schools will perform above the state average and meet expected growth as measured by EVAAS growth data and state assessments. With the current release of EVAAS data, Madison County Schools has shown and exceeded growth in multiple areas. Growth is such an important measure of student performance. We are so proud of our teachers in all areas! Within our district, over 95% of our teachers are showing growth in their classrooms. This is a reflection of the implementation of a solid core curriculum with fidelity. We are "Making it Happen" for all of our students in Madison County Schools!

## Madison County Schools

### Mission

The students of Madison County Schools will have meaningful experiences and valuable academic preparation to ensure a brighter future.

**National Law Enforcement Appreciation Day:** On January 9<sup>th</sup>, 2019, partnering organizations showed support for law enforcement officers nationwide through National Law Enforcement Appreciation Day (LEAD). We all need to show law enforcement officers that we recognize the difficult and sometimes impossible career officers have chosen in public service to us all. Some of the ways our students and staff can show our support for law enforcement

every day:

- Wear blue clothing in support of law enforcement.
- Send a card of support to your school SRO, local police department, or state law enforcement agencies.
- Share a story about a positive law enforcement experience on social media.
- Write letters in support of law enforcement officers.
- Organize an event or a rally in support of your school law enforcement officers.
- Advertise your support through local media outlets/billboards.
