BOE Special Called Meeting: The Board of education met in a special called meeting Thursday, October 12th. The Board reviewed the stadium project budget, D-Zone pricing and the State salary scale for personnel. The Board approved unanimously the Bids for the Brush Creek Elementary School's chiller and the hitting and pitching facility. The next regularly scheduled meeting is scheduled for Monday, October 23rd at the Anderson Rosenwald School.

Fire Prevention Week: Fire Prevention Week is observed each year during the week of October 9th in commemoration of the Great Chicago Fire.

That fire began on October 8, 1871 and caused devastating damage. During Fire Prevention Week students and teachers learn how to stay safe in case of a fire. Firefighters provide lifesaving public education in an effort to drastically decrease casualties caused by fires. Thank you to the Volunteer Fire

Departments and the Forest Service for visiting our schools and sharing valuable fire safety information with our students.

Students Learn Recycling Tips: Effective school recycling

programs enforce positive recycling behaviors in students and create lifelong recycling habits. Schools have taken a comprehensive approach to help with waste reduction through a Student Recycling Team. The students help collect and sort items for recycling. Our students are Making It Happen with recycling!

Madison County Schools Mission

The students of Madison County Schools will have meaningful experiences and valuable academic preparation to ensure a brighter future.

MMS Colonial Games: Eight grade students spent time during

Social Studies class this week experiencing the games and toys that children might have played during colonial times. The games included Grace's, Battledores, Tops, Jacobs Ladder, Cup and Ball, Hoop and Stick, Marbles, Shut the Box, Cats Cradle, and Boggle. A great way to learn about the history and colonial times.
