**Teachers Attend Training Session:** Fourth and fifth grade Teachers gathered together Tuesday for their second full day of Wit and Wisdom training. Teachers collaborated to unpack the content of the modules and plan lessons that fully engage students in enriched reading, thinking, speaking and writing experiences. Teachers did a lot of work around engaging students in "productive struggle" during reading comprehension lessons. Engaging students with appropriately rigorous content, tasks, and expectations. Ensuring that students are doing the thinking, with appropriate support. Providing learning tasks aligned to clear, specific learning goals. MCS teachers are committed to deepening their instructional practices to enhance learning for all students.

**MMS Takes Stand Against Drugs:** Students and staff at Madison Middle School wear red to take a stand against drugs. The students signed a drug free pledge just saying NO to drugs.

**Students Learn Fire Safety Skills:** Mars Hill Elementary kindergarten students learned about fire safety this week. Thank you Mars Hill Volunteer Fire Department for teaching our students important safety skills.

## Madison County Schools Mission

The students of Madison County Schools will have meaningful experiences and valuable academic preparation to ensure a brighter future.
