

## Information for Summer 2021 — Middle & High School Opportunities

We're happy to announce that PAGE will once again be able to offer onsite Summer programming! We have some exciting things planned to usher in a new decade of learning and growing with PAGE students in Madison County. Please consider the dates and options available for each grade, and **return the form to us by Tuesday, May 11th.**

You can send the form back to Program Director Maia Surdam — email her at [maia.surdam@pageprograms.com](mailto:maia.surdam@pageprograms.com) (or text at 608-239-6658) —or message us on Instagram (@page\_programs) or Facebook (@PAGEprograms).

Once we know your availability and preferences, we will follow-up to confirm your Summer enrollment and ask you to sign an official PAGE Enrollment form.

**Unlike in previous summers, this year we will have \*one-week-long sessions\* that students can sign up for. For COVID safety, each session has a limit of 12-15 students maximum. Please let us know which weeks could work for you, and your #1 preference, and we will do our best to place you in that time slot. (If there's room available, we will allow students to attend more than one week.) This is a first come, first serve basis, so please return this form as soon as possible.**

We will start the day with a breakfast snack and provide a full lunch in the afternoon. We will have one main project in the morning for the whole group (see below), and we will engage with literature in the afternoon in small groups. **Note: we are still making arrangements for transportation logistics & start-times. Please let us know if you will need transportation each day or if someone from your household can provide.** We'll confirm all details ASAP.
